Welcome to the California Inland Empire Council University of Scouting

On behalf of the California Inland Empire Council and the Council Training Team, we would like to welcome you to the 2018 University of Scouting. Lord Robert Baden Powell recognized the importance of leader training and that importance is carried forward to today. “Trained leaders,” according to the Boy Scouts of America, “impact[s] the quality of programs, leader tenure, youth tenure, safety, and a whole lot more.”

University of Scouting is a Scout leader’s learning adventure! The courses offered are designed to help **YOU** improve your skills and increase your knowledge about all areas in Scouting. We have organized a single day packed with a year’s worth of fun, program ideas, and information – the largest single training event for Scouters in the California Inland Empire Council. In addition to the great courses that we have planned, you will also meet and share ideas with other like-minded friends of scouting throughout the area. We encourage you to use your time between classes for networking – meet up with old friends, make new friends, and enjoy a great lunch. Don’t forget to visit the University Midway throughout the day for great Scouting ideas and other related items.

The University of Scouting would not have been possible without the exceptional dedication and support of many volunteers. From Instructors to the Deans and the Administrative Staff, I thank you for your efforts in making this a spectacular event!

On behalf of the youth in our Council – a sincere **THANK YOU** for joining us today. By your registration you have indicated your dedication to the principle that *‘every Scout deserves a trained leader.’*

Ryan Kleinvachter, President
2019 University of Scouting
California Inland Empire Council

Ray Norris, Chair
Council Training Committee
California Inland Empire Council

Participants should wear the field uniform (formerly known as Class “A”) of their respective program. Those who are not uniformed leaders should wear business casual attire.

Your Mission, Should You Decide to Take It

Thank you for your dedication to effective Scouting. Your participation in this training event illustrates that you care about the quality of the Scouting program. The ability of scouting to make a difference for our youth depends on volunteers like you who are well informed with the latest information. Please enjoy your visit with us today. Absorb all that you can, and then relay what you have learned back to your units, districts, and council(s). This is your primary responsibility as a University of Scouting participant. But please don't stop there. As a University of Scouting participant, we have the following requests to ask of you.

Help get the word out ...

Did you know that it takes almost the same amount of time for the staff to prepare for this event whether we draw 100 or 1000 participants? Or that it takes our instructors the same amount of time to prepare whether 1 or 100 participants register for their courses? Therefore, the effectiveness of this event and its impact on Scouting is directly proportional to the number of seats that are filled in the classrooms. **YOU** are our best channel for promotion. We anticipate your experience with us at University of Scouting will be positive and rewarding. Please share that with your Scouting colleagues and encourage them to come with you.

Share what you know ...

What is the difference between a course instructor and a course participant? NOTHING!! We are all Scouting volunteers. All staff members, whether course instructors or faculty, all have "real" Scouting jobs just like you. Okay, maybe there IS one difference – the course instructors or faculty stepped up to share their Scouting experiences or other talents to help the rest of us be more successful. YOU could be a part of this team. There are always positions open for instructors, registration, facilities, administration, and on and on. Want to be part of this highly motivated, highly effective team? Contact the University of Scouting President for more information on potential opportunities. We are sure we can find a good fit for you on our staff. Or maybe you have a great idea for a course you would love to develop and present. Whatever your talent is, we can probably put it to good use here at the University of Scouting. Our program and participants will benefit, but so will your leadership and communication skills.

Code of Conduct

All participants and staff are expected to conduct themselves in accordance with the principles set forth in the Scout Oath and Law. Tobacco, alcohol, and the use of illegal drugs are strictly prohibited. Please understand that we are guests at Central Middle School and would like to be welcomed back next year. As Scouters we are reminded to always leave our environment better than we found it and we encourage everyone to clean up after themselves and others.
