As more people use parks and recreation facilities, LEAVE NO TRACE guidelines become even more important for outdoor visitors. Leave No Trace is a plan that helps people to be more concerned about their environment and to help them protect it for future generations. Leave No Trace applies in a backyard or local park (front country) as much as it does in the wilderness (backcountry).

This course will be a fun and engaging way to learn the seven LNT principles and offer opportunities for you to take these exciting methods back to your unit and start teaching LNT right away.

You will learn more about:

- How to implement Leave No Trace in your outdoor program
- How to properly present the Leave No Trace skills to others
- What's new in Leave No Trace techniques and how they apply to the outdoor program
- The Leave No Trace awards and how you can earn them
- **And you will give a 15 minute presentation on an assigned Leave No Trace topic.**

The course is open to any Scout (14 yrs or older), Venturer, adult Scout or person interested in spreading the message of Leave No Trace. You will learn the proper techniques for Leave No Trace camping and other activities and have a great time! All participants will need to supply their own camping equipment You should bring a folding camp chair for the course as well. We will be in an outside environment, so dress accordingly.
