2017 NSJ Annual Health and Medical Record
On-Line Submission

PROCESS OVERVIEW

Submission of the AHMR for the 2017
Jamboree will be an online, multi-step
process. The entire process is explained
here, with additional details provided below.
A participant will need to:

1. Download and print a hard copy of the
Summit-specific BSA Annual Health
and Medical Record form.
2. Complete the medical history on the
hard copy form (Parts A & B).
3. Obtain a physical exam from your
medical provider – Take the entire form
(Parts A, B and C along with the High
Adventure Risk Advisory) to your
appointment.
4. Have the physician review the entire
form and complete, sign and date Part
C.
5. Sign the form yourself. Scan this form
and other documentation & save as
PDF copies to your personal computer.
6. Access the participant's "On-line
AHMR" record.
7. Enter the requested data into the online
record using the data from the hard
copy AHMR form.
8. Upload the required scanned image of
your hard copy AHMR form.
9. Upload a copy of your insurance card.
10. Upload a copy of your BSA
Immunization Exemption form IF you
claim Immunization Exemption.
11. Upload any Supplemental Medical
Information (optional).
12. Submit for medical review.

Access to the Online AHMR Jamboree Medical
Record (Step 7) is available to Jamboree
participants beginning July 2016 and is initiated
through customized, two-part emails sent
directly to each participant from the
2017Jamboree@Scouting.org email address.

PLEASE NOTE:

A participant (leader or youth) must be Council
Approved and assigned a Jamboree Unit
Number before they receive the emails and
links;

A staff member must be approved and have
accepted their job offer before they receive the
emails and links.

The first email, entitled "2017 Jamboree AHMR
Online Password Set Up", invites the
participant to create a password. A participant
must have their Jamboree Registration Code to
complete this step; the code is provided within
the email as a reminder. The participant must

click the provided link to establish this password.

The second email, entitled "2017 Jamboree AHMR is Now Available", assigns a unique Medical Record User Name (not to be confused with your Jamboree Registration Code). This User Name and the previously-created password together allow access to the online Medical Record.

DATES TO KNOW

The AHMR must be current and completed within 1 year of the Jamboree.

An AHMR dated before July 1, 2016 will not be accepted.

Jamboree AHMRs submitted on or prior to **April 19, 2017** will be processed before the Jamboree. Jamboree AHMRs submitted after April 19, 2017 will be accepted and processed as soon as possible, but submission after April 19, 2017 may result in a significant delay for the individual and/or their Unit at on-site registration until the individual's AHMR is cleared.

Your direct link to the 2017 National Scout Jamboree!

Timely, effective communication is essential to a successful Jamboree experience. Efforts to transform how staff, participants, leaders and guests are informed have been improving since the close of the 2013 National Scout Jamboree, and have taken an additional step forward this month with the launch of JamboLink.

JamboLink is the location for all news leading up to and through the 2017 National Scout Jamboree. JamboLink is a multi-platform experience, designed to provide the most up-to-date information in the most convenient way possible for everyone.

A special section of the official BSA Summit Bechtel Reserve website, www.2017jambo.org, will host all of the exclusive content created for JamboLink. Additional opportunities to connect with JamboLink will exist on many other platforms:

Social media

Special accounts have been created for JamboLink on each of the leading social networks – Facebook, Twitter and Instagram – with the handle [@2017jambo](https://www.instagram.com/2017jambo). Those attending the Jamboree should start following them immediately, as they'll be the fastest way to keep on top of program opportunities and news updates during the Jamboree. Incredible new features like live-updated wait times for Adventure areas will make participating in the entire Jamboree easier than ever. During the Jamboree itself, a Snapchat account – [@jambo2017](https://www.snapchat.com/add/jambo2017) – will be used to share video updates exclusive to Snapchatters.

Video streams

Streaming video will be provided to both inform and entertain during the Jamboree itself. Simultaneous with daily program, streams of special visitors to Summit Center or exclusive program opportunities will be shared to entertain those in queue for their next activity, and to allow remote participation for some activities. Each evening, a short "late night" show will be streamed full of special guests and updates for the days program. These shows will provide a great opportunity to gather by troop or patrol around a device, connect with the rest of the Jamboree, and prepare for the following day.

Charging Stations

The 2017 National Scout Jamboree will feature more charging capacity than ever before. Staff, participants and leaders are encouraged to bring a solar charger with them as well – it would be a shame to miss out on any of these opportunities due to a low battery!

NEED VOLUNTEERS

Hello Cahuilla Lodge

During the last LEC term we applied for the National Service Grant and were awarded funds for camp improvement. We decided to use the grant to help build a climbing wall for Camp Emerson.

It should take about a 6-8 hours to build. Maybe less if we have help.

Scheduled this for April 15th at 9 am. The Lodge will supply lunch for anyone that goes and helps. The CIEC Climbing team will be there as well to help. Please bring a cordless drill/screw gun if you have one.

Please let me know if you are able to come up. Cahuilla Lodge, OA

Thank you
